

2006 RESEARCH COMPETITION

PEER/MERIT REVIEW PANEL

CPSI saw continued success with the 2006 Research Competition with 64 applications received, of which 35 were reviewed by an independent Peer/Merit Review Panel composed of national and international patient safety decision makers and researchers.

The Peer/Merit Review Panel met in Ottawa, Ontario, on October 26 and 27, 2006. Using the criteria outlined in the call for applications, the Panel rated the applications in terms of potential benefit to the healthcare system, and scientific feasibility and viability. The 15 projects recommended for funding excelled in both areas.
