

## 2007 RESEARCH COMPETITION

### PEER/MERIT REVIEW PANEL

CPSI saw continued success with the 2007 Research Competition with 40 applications received, of which 26 were reviewed by an independent Peer/Merit Review Panel composed of national and international patient safety decision makers and researchers.

The Peer/Merit Review Panel met in Ottawa, Ontario, on February 11th and 12th, 2008. Using the criteria outlined in the call for applications, the Panel rated the applications in terms of potential benefit to the healthcare system, and scientific feasibility and viability. The 8 projects recommended for funding excelled in both areas.
