

CANADIAN
PATIENT SAFETY
OFFICER COURSE

COURS CANADIEN
POUR LES COORDONNATEURS
DE LA SÉCURITÉ
DES PATIENTS

The Canadian Patient Safety Officer Program offers health professionals and leaders the information, tools and techniques to advance leading patient safety practices.

CANADIAN PATIENT SAFETY OFFICER COURSE

BUILD A STRONG PATIENT SAFETY CULTURE

GET THE INFORMATION, TOOLS AND TECHNIQUES TO DEVELOP LEADING PATIENT SAFETY PRACTICES IN YOUR ORGANIZATION.

Providing an overview of the fundamentals of patient safety, the Canadian Patient Safety Officer Course equips healthcare professionals and leaders with the information, tools, and techniques to build a strong patient safety culture within their organizations.

The Canadian Patient Safety Officer Course sessions are presented by some of the foremost leaders in patient safety in Canada and internationally. Pragmatic applied content is combined with thought-provoking discussion and networking.

The course will show you how to:

- Use our tools and techniques to develop a patient safety program
- Recognize system-induced patient safety incidents
- Recognize human factors related to patient safety, such as non-technical skills or fatigue
- Understand high-risk clinical processes
- Develop strategies to influence and enhance patient safety culture
- Foster communication, teamwork, and organizational culture as it relates to patient safety
- Examine other special and emerging topics in patient safety

PROGRAM STRUCTURE

The Canadian Patient Safety Officer Course is a four day program which incorporates fundamental content with topical patient safety issues, through interaction with up to 14 leaders in the field.

Upon completion of this course graduates will be able to effect the system change required to advance patient safety in their organizations.

ABOUT HEALTHCARECAN

HealthCareCAN is the national voice of healthcare organizations across Canada and was formed from the merger of the Association of Canadian Academic Healthcare Organizations (ACAHO) and the Canadian Healthcare Association (CHA) on January 1, 2014. As the professional development branch of HealthCareCAN, CHA Learning has been developing the health leaders of tomorrow for almost 60 years by providing them with the knowledge and skills to be successful today. CHA Learning uniquely understands the needs of those who work in this challenging but rewarding sector. Flexible part-time studies allow students to learn online wherever and whenever...while continuing to work and maintaining their personal and professional lives.

ABOUT THE CANADIAN PATIENT SAFETY INSTITUTE

Established by Health Canada in 2003, the Canadian Patient Safety Institute works with governments, health organizations, leaders, and healthcare providers to inspire extraordinary improvement in patient safety and quality.

We develop evidence-informed products, provide excellent stewardship of resources, ensure clear and open communication, deliver measureable results, celebrate the successes of our partners and are passionate about safe healthcare for all Canadians.

Visit www.patientsafetyinstitute.ca to learn about our vision of safe healthcare for all Canadians.
